

# Volunteers Needed!!!

If you love animals and want to help people and their pets in a disaster...Join the Boone County Disaster Animal Response Team (DART)!!!  
Our goal is to *leave no animal behind!!*

Every disaster has the potential of having an animal element....even the smallest of incidents. Innocent animals becoming innocent victims. They are homeless and need rescuing, shelter, water and food.

A survey was conducted on people affected by Katrina, and numbers as high as **44%** of the residents did not evacuate because they refused to abandon their pets.

You can help save people's and animal's lives by being part of Boone County DART
